STEPS TAKEN TO ENCLOSE BRANCH

**City Engineers Ordered to Draw Up
Plans and Specifications to
Make it Closed**

QUESTION IN CIRCUIT COURT

**Council Awards Contract For Street
Oil Tuesday Night—Other
Business Transacted**

Preliminary steps were taken Tuesday night at the regular meeting of the city council, by which it may be possible to convert Hodges Branch into an enclosed sewer, as a petition signed by 130 residents in vicinity of the branch, was acted upon favorably, and the city civil engineer was ordered to draw up the plans and specifications for the proposed improvement.

Besides this important measure, the council also acted upon another petition for an improved sewer to carry off water in the vicinity of Eleventh and Perkins street, and this sewer will be constructed in order to take care of this surplus of water.

The council also received bids last night for the street oil, and five firms were represented with bids. The contract was awarded to J. S. Toffitt of Wyoming, Ohio, for .059 cents a gallon, delivered here. Other bids were as follows: Standard Oil Co., .0525 cents a gallon; Taxman Refining Company, Chicago, .0625 cents a gallon; Western Oil Refining Company, Rushville, .072 cents a gallon; Indian Refining Company, .065 cents a gallon.

The oil will not be ordered until in May, as by that time the streets will be in good condition and the gravel will be settled, following the rains. The bids received were for 40,000 gallons or more of the oil.

The improvement of Hodges Branch is the second attempt by the property owners to have something done with the open ditch. Several months ago the matter was taken up with the county commissioners in an effort to have the open ditch repaired by the township, and for the full length.

The petition last night calls for the improvement of the ditch from the north corporation to the south corporation of the city, by enclosing it with sewer tile. The petition was granted, and the city engineer will make a survey, approximate the

REDDINGTON GETS 2 ROAD CONTRACTS

**Greensburg Man Will Build Hilligoss
and Miller Macadam Highways
in Walker Township**

TWO PETITIONS REFUSED

Contracts for two macadam roads in Walker township, known as the Fred Hilligoss et al., and the Lorie Miller et al., highways, were awarded late Tuesday afternoon by the county board of commissioners to Charles E. Reddington of Greensburg. His bid on the Hilligoss road was \$23,730 and on the Miller road, \$17,242.

Other bids submitted were: Snider Hill and Hooten—Miller road, \$16,900, and Hilligoss road, \$26,868; Earl T. Arbuckle—Miller road, \$16,955 and Hilligoss road, \$26,735.

The petition of the East Hill cemetery association, John Martin and Don C. Brooks, for permission to get current off of the electric line which the county recently built to the poor infirmary of any addition to the wire, on account of their doubt as to whether the wire would carry the load in case the county institution is improved and electricity is carried there for power purposes. The commissioners have no objections, it is said, to private consumers running wires on the poles they erected.

The board also refused a petition of Fred Clevenger for an electric light at the end of the brick pavement in Circleville.

ARBUCKLE GOES ON STAND

Movie Actor Testifies in His Own Defense Today

(By United Press)

San Francisco, Calif., April 5.—Roscoe Fatty Arbuckle broke his silence again today in an effort to save himself from conviction on charges of having taken the life of Virginia Rappe.

At 10:45 a. m. today after minor testimony had set the court crowd yawning, Arbuckle's attorneys suddenly announced "Mr. Arbuckle will take the stand."

The big comedian, dressed in a light spring suit, hair slicked back, face grave but not worried, moved to the witness chair. He had difficulty in squeezing himself into the chair.

Arbuckle answered routine questions as to his business and similar points.

OPERATORS WILL TURN DOWN OFFER

Mine Owners of Indiana and Illinois Have Agreed to Refuse Invitation to Conference

HAVE NO CONTRACT NOW

House Labor Committee Which Invited Operators and Strikers to Meet, Will Not Give Up

By CARL VICTOR LITTLE
(U. P. Staff Correspondent)

Chicago, April 5.—Coal mine operators today planned a flat turn down of the governments offer to settle the miners strike.

Mine owners in Indiana and Illinois have agreed to refuse to accept the invitation of the labor committee of the house of representatives to meet on April 10 with John L. Lewis, president of the United Mine Workers.

The attitude of the operators toward the investigation by the house today was learned by the United Press from an operators official. He revealed the attitude of the operators as follows:

"We did not understand what right Congress has to interfere in this dispute. We have no contract with the miners union now. Our old contract providing for a meeting before April 1, expired on that date."

A conference of operators will probably be held in Chicago this week to formally consider the invitation. According to their present attitude, a brief diplomatic refusal will be sent. It is no secret now that the operators will devote all of their efforts to bring about separate state agreements with the workers.

By HERBERT W. WALKER
Continued on Page Three

Washington, April 5.—The House labor committee which invited operators of the central competitive fields to a conference in Washington April 30, to end the coal strike, gave notice to the country today that it will not cease its efforts until a settlement of the dispute is effected.

"We are going to stick to this thing until we have reached a solution whether it comes through this first effort or not," Rep. Bland, Republican, Indiana, declared today.

Representative Nolan, Republican, California, chairman of the committee expressed a similar determination. He was the originator of the plan toward which the country is looking today for a solution.

If all plans to bring about an early ending of the strike fail, the House will probably fall back upon the federal commission of investigation provided by the Bland resolution, rushing the measure through Congress with a view to getting the commission appointed.

By FRED G. JOHNSTON
(U. P. Staff Correspondent)

Indianapolis, April 5.—All the strength of the United Mine Workers was concentrated today on organizing non-union miners whose production threatens success of their strike.

While miners chiefs solidly maintained that thousands of the non-union men had joined forces in the

MORE POWER FOR SUPERINTENDENT

**W. E. Wagoner, County School Head
Also Is To Act As Inspector
of Schools in Rush County**

HIS WORK IS OUTLINED

**State Board Says That He Is To
Be A Co-operating Agent In
Maintaining High Standards**

W. E. Wagoner, county school superintendent has received instructions from the State Board of Education in which it is pointed out that more power is given the superintendents over the state so that the executive can supervise the inspection of the township schools, and his duties have been defined in a bulletin which he has just received.

The work for the superintendents was outlined at the meeting of the state board on March 7, and emphasis is laid on the fact that township trustees and other persons should be acquainted with the powers intrusted to the county superintendent.

The copy of the minutes of the state board on this subject, is given as follows:

"The duties of the county superintendent of schools as a co-operating agent of the elementary and high school inspector, in maintaining the standards of the township commissioned and accredited high school for which he is responsible in his relation to the township trustee, as defined by the State Board of Education are as follows:

1. To co-operate with the township trustee in the erection of new school buildings; to inspect the school buildings and to make recommendations to the township trustee for necessary improvement in meeting requirements for clean walls, properly varnished desks and proper seating of pupils.

2. To see that provision is made for an adequate supply of good drinking water.

3. To make recommendations to the township trustee on proper means of obtaining clean, adequate, well ventilated toilets. Where outdoor toilets must be used they shall comply with the requirements of the State Board of Health.

4. To approve janitors of good character and proper conduct and to require of them the following results:

(a) Even temperature and good ventilation.

THREE CIVIL SUITS IN CIRCUIT COURT

**One is Petition to Sell Real Estate
and Other Two Cases Involve
Notes Overdue**

TO COLLECT ON AUTOMOBILE

Three civil suits were filed in the circuit court today, one being a petition to sell real estate, and the other two cases involving notes which are alleged to be overdue.

The Automobile Funding Company is plaintiff in one action and Herbert H. Hall and James A. Brown of this county and the Buck Company of Indianapolis, are defendants, the action being to collect on notes in which \$3,000 is demanded. The plaintiff alleges that the first named defendant negotiated a loan with the second named defendant as security, and that several notes are involved in the transaction, and that the Buck Company, automobile dealers, are made a party to the defendants.

The Fletcher American National bank of Indianapolis also has filed suit against the three defendants on a note in which \$1,250 judgment is demanded.

William A. Alexander, administrator of the estate of Nannie Alexander, has filed a petition in court to sell real estate, naming Josie Davenport and others as the defendants.

While miners chiefs solidly maintained that thousands of the non-

ENUMERATION TO BEGIN APRIL 10

**Count of All Persons of School Age
in City and County Will Continue Until April 30**

IMPORTANCE OF CENSUS

**Upon Number Depends Amount of
Money Returned to School Units
of County by State**

The annual school enumeration in Rush county will begin April 10 and continue until the last day of the month, when each township will be canvassed by the trustee, and the census of the number of children of school age will be taken, as provided by law.

The county board of education, consisting of the twelve township trustees and W. E. Wagoner, county school superintendent, outlined the plans at their meeting held this week and they decided to begin the work on April 10.

J. H. Scholl, city superintendent, and the city school board, has charge of the enumeration in Rushville, which like all incorporations, is a separate school unit and Mrs. Allie Aldridge will again take the census in this city.

In the school census all persons between the ages of six and twenty-one years are listed, regardless of whether or not they are enrolled in the public schools. School officials emphasize the importance of parents and guardians giving the names of all such persons to the school enumerators for it is upon this count that the distribution of school money from the state is made. The distribution is usually upon the basis of about \$6.25 for each name reported.

It is pointed out that if any person between the ages of six and twenty-one years is not listed by the enumerators, the school corporation loses the amount of the individual apportionment. This distribution has nothing to do with local taxes as it comes from interest on funds held by the state for school purposes.

The enumeration also furnishes the basis for the distribution of congressional funds. This is comparatively small in this county. It is apportioned each ten years.

The United States government, when this section of the county was a part of the Northwest Territory, set aside sections 16 and 36 of each congressional township for school purposes. Later, when the state was organized and the various coun-

HENRY ORWIN IS DIVORCED BY WIFE

Former Rushville Boy Causes Bride to Dream of Being Indianapolis Cinderella, She Testifies

A ROMANTIC SCHOOL TEACHER

Henry Orwin, former Rushville boy and son of Mr. and Mrs. W. S. Orwin, one-time residents of this city, was divorced by his wife, Mrs. Fern Orwin, in court at Fort Wayne, Tuesday, according to a dispatch from Fort Wayne today.

The story relates how Mrs. Orwin, a Pennville, Ind., romantic school teacher, dreamed of being the Cinderella of Indianapolis society and how her hopes all turned out to be illusions. She testified in the divorce hearing, according to the dispatch, that Orwin went to the army, and upon his return, refused to work and that she was compelled to wear east-off clothing of her sister-in-law. In his courtship, Orwin showered her with jewelry, Mrs. Orwin testified. He gave her bracelets, rings and necklaces. Mrs. Orwin related, according to the Fort Wayne dispatch, but her dreams of happy wedding life were shattered because her husband was lazy.

The Indianapolis Star, in which the dispatch appeared, said that the Indianapolis city directory did not contain the name of Mr. Orwin.

TALKS ON CLASSIFICATION

J. T. Arbuckle Speaks to Kiwanis Club at Meeting Today

The Kiwanis club held the regular weekly meeting at the Knights of Pythias building today noon and a sumptuous dinner was served by the Pythian Sisters.

The meeting was in charge of the public affairs committee of the club and the only speech on the program was a talk given by J. T. Arbuckle on his classification of lawyer. A. L. Riggs, chairman of the public affairs committee, presided. The different standing committees of the club are arranging the programs.

BOYS ARE INVITED TO TAKE TRAINING

Physical-Military Course Will be Given During July and August at Camp Roosevelt

DIVIDED IN 3 SECTIONS

Three Weeks' Outing Under Finest Possible Conditions Will Cost Each Recruit Less Than \$30

Boys from Rushville are again invited to take the course in physical-military training to be given during July and August at Camp Roosevelt, under command of Major R. L. Beals, U. S. A. Word to that effect has been received by Superintendent of Schools J. H. Scholl from Peter A. Mortenson, Superintendent of Chicago Public Schools.

During the past three summers, thousands of Boys underwent training at the encampment, and it is expected this number will be greatly increased this year.

Camp Roosevelt is intended as a living memorial to the principles of military and physical fitness for which Theodore Roosevelt stood, and is established by the Chicago Board of Education, with the sanction and support of the War Department of the U. S. Government.

In order to stimulate general interest in physical and military preparedness, Camp Roosevelt is all-American, and recruits are accepted from all parts of the country. At the Executive Headquarters, Board of Education, room 503-460 S. State Street, Chicago, applications are steadily coming in from practically every state in the Union.

The camp is divided into three sections, to meet the differing needs of the boys: the R. O. T. C. division is for boys of high school age who seek primarily out-door life and physical training; the Summer School Division includes seventh and eighth grade and all high school subjects. The Chicago Board of Education authorizes the acceptance of credits earned in the camp school. The Junior Camp Division is for the younger boys and includes instruction in scouting and woodlore.

As a further co-operative step, the War Department furnishes equipment for the camp and the recruits.

This year the camp will open on July 5, and will be conducted for six weeks, divided into two periods of three weeks each. A boy may attend either one or both of these periods, as desired. The enrollment fee of \$2.00 will be charged and a three weeks' outing under finest possible conditions will cost each recruit less than \$30,000 for the training, mess privileges, and other incidental expenses. The principal expense of the camp is borne by a group of patriotic Chicago business men who are interested in making the camp a nation-wide success.

The camp will move from Michigan to LaPorte, Indiana, 65 miles from Chicago.

BODY TO LIE IN STATE

Evansville, Ind., April 5.—The body of the late Mayor Benjamin Bosse, chairman of the state democratic committee, who died Tuesday, will lie in state at the Coliseum from 11 a. m. to 3 p. m. Thursday according to announcement today. Funeral services will be held Friday morning.

"Facts may develop that may cause me to file a murder charge before Saturday, the day set for the inquest," Hughes said in announcing he had more important evidence in the case.

"I would have no other courses than to file a murder charge," Hughes declared after Moran Pruitt, attorney for Day, announced both Day and Mrs. Day would stand on their legal right and not testify.

FOR SALE

TWO NEW

Fordson Tractors

Complete, with 2 bottom 12 inch plows.
Have never been used and are specially
priced to close out.

These tractors were traded to original purchasers on horse deals and were later traded to us for International 8-16 tractors with P. & O. 14 inch plows, for the following reasons—

First—They wanted to pull two 14-inch bottoms 8 inches deep and they could not do it with above tractors and knew they could do it with the International 8-16.

SECOND—One man had hilly ground and was afraid it might rear over and kill him.

EPIDEMIC OF CRIME CLAIMS 2 MORE LIVES

William Parlon of Chicago Shot and Killed by Bandits Who Try to Steal His Car

"THE OTHER WOMAN" KILLED

Chicago, April 5.—Chicago's crime epidemic claimed two more lives today.

William Parlon, 32, was shot and killed by automobile bandits who attempted to steal his car. Parlon's fiancee on whom he was calling witnessed the slaying.

Fritz Meinhausen pointed a revolver at his wife when she accused him with being too friendly with another woman. Mrs. Nicholas Peters, the other woman, jumped between Meinhausen and his wife and was killed by the bullet intended for the wife.

Fred Irvine, a policeman, was arrested in connection with the investigation of a murder of a policeman and treasurer of a building and loan association during a holdup.

International 8-16

Performance of the International 8-16 in hundreds of competitive tests on farms proves that this tractor can and does pull its rated load—regardless of soil conditions. Working alongside of some so-called 2-plow tractors, the International has repeatedly out-performed them.

International owners say—"I use it on farm land where other tractors wouldn't go"—"I have used an International 8-16 for three years and it is the best all round tractor that I have seen"—"We purchased an International 8-16 because it excelled other 2-plow tractors in power, equipment, safety and ease of operation."

This proved performance is one of the reasons why we are justified in saying that the International 8-16 is the greatest 2-plow tractor value ever offered.

—Miss Frances Geraghty spent Tuesday evening in Greensburg, the guest of her sister, Miss Margaret Geraghty.

—Miss Elsie Thomas went to Indianapolis this morning where she will spend a few days, the guest of friends and relatives.

—Mr. and Mrs. J. H. O'Brien of Indianapolis are the guests of Mr. and Mrs. George Helm in this city. They will return to their home Thursday.

—Mr. and Mrs. Alfred Looney, Mrs. Luther Downey and Mr. and Mrs. R. E. Mansfield attended Mrs. John Eaton's funeral in Arlington Tuesday afternoon.

—Mrs. John Abercrombie and daughter left this morning for a visit in Chicago. Mr. Abercrombie and son accompanied them as far as Indianapolis where they spent the day.

—Mrs. R. H. Conover of Los Angeles, who has been making an extended visit here with her mother, Mrs. Mary J. O'Neal and other relatives, left this morning for her home. Mrs. Conover, before her marriage, was formerly Miss Louise Smith.

WANTED

Everyone interested in gilts to attend my sale

Saturday, April 8th

At Thompson's Sale Barn, Rushville, at One O'clock at which time I will sell

50 HAMPSHIRE GILTS

2 Male Hogs — 1 Yearling and 1 Two-year old.

These gilts are all open, double immunized, plenty of size, and the kind that will do good. They will show for themselves.

TERMS—Sept. 1, 1922, without interest, with bankable note. 3 per cent discount for cash.

The Thrill of the Age!

See the world's greatest emotional actress in this powerful, dramatic production — a picture that will bring vividly before your eyes the explosion of the great dam — the terrible flood rushing down on an unsuspecting South African valley, sweeping all before it.

If the great log jam in "Conflict" took your breath away — then the flood in "Wild Honey" will petrify you; for here's a scene you'll never forget as long as you live! Don't miss it!

**4 FOREIGN NATIONS BUILD UP AIR FLEETS**

Senator Walsh, of Massachusetts, Believes That America Should Also Increase Its Aircraft

"BUNK" ARMS CONFERENCE

(By United Press)

Washington, April 5.—Japan, Great Britain, France and Italy are building up their air fleets rapidly; America should do likewise.

The sea fleets of today will be worthless in ten or fifteen years except as harbor craft; great air fleets will supplant them.

The above epitomizes an interview given the United Press today by Senator Walsh, Mass., apropos his resolution asking for an air West Point; an air Annapolis and an investigation as to upholding the American aircraft service.

Walsh declared there is considerable "bunk" about the arms conference, adding:

"It has done some good, of course but what it really accomplished was to get rid of a lot of ships not wanted in the navies, put a restriction on just one kind of vessels and left the way open to submarines, airships and other craft."

ENUMERATORS TO BEGIN APRIL 10

Continued from Page One times constituted, the land in many of the townships was sold as provided by law and the money deposited with the county auditor where it has since been drawing interest at the rate of 6 per cent.

As the boundaries in many of the civil townships do not coincide with those of the congressional townships and as the congressional townships in one county extend over into another county it is necessary to make an adjustment on a basis of school enumeration in these congressional townships. In this way the interest

Thrift's Foothold

Treasury Department records indicate that thrift has found a firm foothold in America. Figures made public by the Savings Division show that, despite the economic depression and unemployment, the savings of small investors throughout the United States total approximately 27,000,000,000, or, taking the population at 108,000,000, a per capita savings of about \$250 for each man, woman and child of the nation.

Of this vast sum of working dollars \$21,000,000,000 is invested in Government securities, while the other \$6,000,000,000 is represented by deposits in more than 30,000 savings banks. To the holders of Third Liberty Loan Bonds, included in the investments referred to, the Government is today paying semi-annual coupon interest amounting to more than \$7,000,000. At the same time the holders of these securities are being invited by the Savings Division to reinvest their interest money in Thrift Stamps, with the view of keeping as much as possible of this money at work.

Government war issues are held mainly by persons of small means, according to Treasury officials. No lesson which came out of the war was more thoroughly learned than that which inculcated in the wage-earner and the child the habit of systematic saving. The seeds planted during the great national emergency are now, during the post-war period of readjustment, beginning to bear fruit.

Reports of the Controller of the Currency show that savings banks deposits total approximately \$6,000,000,000. Deposits during the period of depression have exceeded the large withdrawals. The savings have proved the salvation of thousands of families where the breadwinners have been thrown out of employment because of the general curtailing of production.

Sizing Things Up

In sizing things up, especially those having a bearing upon local conditions, it is well to remember that there is more than one angle from which a question should be viewed.

Many people err in judgment purely from haste and over zealousness.

Impressions are often formed at first glance, and unless a person is willing to probe beneath the surface and consider all available facts those first impressions will remain and become fixed convictions, irrespective of whether they be right or wrong.

Then there are those who, having formed a hasty conclusion, refuse to recede from their position even when confronted with indisputable proof of their error of judgment. That is pure stubbornness.

But here as elsewhere, there are many people who are quick to form impressions, but are willing to, and do, analyze the arguments of the

**S. S. S. Fills Out
Hollow Cheeks,
Thin Limbs!**

Men and women—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory running full time, it helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, fetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Tigers Leader Has Ambitions With
Infield Hole Filled and Promising
Young Pitchers

YOUNG PAIR FROM THE COAST

Big Punch of the Team is in the Out-
field, Trio of Gardners Batting
Around .350

By RAYMOND PRIEST
(U. P. Staff Correspondent)

With several promising young
pitchers and the gaping infield hole
filled with a capable looking short
stop, Ty Cobb expects to land the
Detroit Tigers in the first division.

With a bunch of clouters that
can average .316 the Tigers ought to
better if their inner defense and
their box work improve.

Emory Rigney, a rookie short stop
from Fort Worth who hit .292 and
fielded like a young Wagner last
season, will fill the hole at short
which crippled the team last year.

Even if he falls down, his work
cannot be much worse than that of
his predecessors.

The first game will probably be
played on Easter Sunday, April 16
with Arlington, and the team will
work out next Sunday on the West
Third street diamonds and fans are
invited to watch the opening practice.

**MORE POWER FOR
SUPERINTENDENTS**

Continued from Page One

(b) Cleanliness throughout the
building and orderly storage of
equipment and supplies.

(c) Daily attention to toilets and
drinking fountains.

5. To inspect the school and
make recommendations for meeting
the requirements in (a) library, (b)
apparatus for the study of science
(c) equipment for manual training
and domestic science, (d) school
pictures, (e) maps, (f) janitor's
and other supplies.

6. To approve all teachers for
high school and for the elementary
grades in conjunction with the high
school before they are employed by
the township trustee, according to
the requirements of the State Board
of Education.

7. To obtain good teaching in
the elementary grades and in high
school by visiting the class rooms,
by co-operating with the principal
and by conferences with the teachers.

8. To examine and approve high
school curricula and programs, and
to require such changes in the same
as are necessary to meet the require-
ments of the State Board.

9. To make recommendations for
improvements in discipline.

10. To assist the elementary and
high school inspector in the enforce-
ment of such other requirements of
the State Board of Education as
apply to commissioned and accredi-
ted high schools.

"After March 7, 1922 the State
Board of Education will expect the
county superintendent of schools to
be governed by these interpretations
of his duties in his relation to
commissioned and accredited high
schools, and by the authority which
is given him as a co-operating agent
of the elementary and high school
inspector to make such reports as
are required, promptly, completely
and accurately. Failure or neglect
to make reports so required shall
be considered a basis for giving
lower classification to the high
school or high schools for which
reports are delinquent or erroneous."

State College, Pa.—The Oxford-
Cambridge Lacrosse team from Eng-
land defeated the Penna State team
6 to 0. The Britishers played bril-
liantly.

Americus, Ga.—Ty Cobb manager
of the Detroit Tigers will be out of
the game several days. He twisted
his ankle sliding in a game in which

generous measure of service at a low price.

A remarkably good-looking tire, with a deep-cut, well-designed

non-skid tread.

It is a Fisk Tire, and is Fisk character clear through.

*There's a Fisk tire of extra value in every size
for car, truck or speed wagon.*

**JUDGE ESSAYS ROLE
OF THE PEACEMAKER**

Attempts to Reconcile Differences
Between Lawyers Over Selection
of Jury in Small Case

MAY MEAN A POSTPONMENT

Waukegan, Ill., April 5.—Judge Claire C. Edwards, acted as peace-
maker between warring attorneys in Governor Len C. Small's case today.

Attorneys who clashed over the method of selecting a jury were called into the judge's chamber.

"I offered them a proposition," said the judge when the conference was over. "The method I suggested for choosing a jury was a fair proposition for both sides. I can not make public now the nature of the proposal as it would not be proper to give publicity to it before any decision is reached.

Counsel for each side were also silent. During the noon recess to-
day they conferred and will report back to the judge at 2 p. m.

Judge Edwards said he thought his method would be accepted. In case of acceptance the trial of Small charged with conspiracy to embezzle state funds, will probably be postponed until next Wednesday, the day after the primaries. The judge said his plans would perhaps mean a few days delay.

SETS WORLD RECORD

Datton Beach, Florida, April 5.—Traveling at a speed of 152.54 miles an hour, Sig Haugdahl of Trondhjem, Norway, in his Wisconsin special racing car, officially lowered the world's record here today.

BELL FUNERAL THURSDAY

The funeral services for John Bell, who died Tuesday morning, will be held Thursday afternoon at 2 o'clock at the late residence, 309 W. Fourth street, and burial will take place in East Hill cemetery.

SAYS BIBLE IS INSPIRED BOOK

Continued from Page One
grace of God, tasted death for every man (Heb. 2:9); and He will eth all men to be saved and come unto the knowledge of the truth (1 Tim. 2:4). The interesting meeting was concluded by a brief testimony service and a Quaker benediction.

FIRST STRIKE VICTIM

Schroon, Pa., April 5.—Dominick Ferlando first victim of the strike died here today. Ferlando, a miner was shot from ambush Saturday night. His slayer has not been captured.

Australian experimenters have found that satisfactory paper pulp can be made from the wood of several native trees when mixed with other fibrous materials.

Sport Summary

Memphis.—Continuing to play

careless, crazy ball, the New York Yanks lost to Brooklyn, six to four. Sam Jones, hurling star, did not live up to it.

Princeton, N. J.—Bob Tait, captain of the Princeton water polo team could finish both Jack Dempsey and Strangler Lewis in the water, according to Frank Sullivan, Tiger swimming coach.

State College, Pa.—The Oxford-Cambridge Lacrosse team from England defeated the Penna State team 6 to 0. The Britishers played brilliantly.

Americus, Ga.—Ty Cobb manager of the Detroit Tigers will be out of the game several days. He twisted his ankle sliding in a game in which

the Tigers beat Rochester 10 to 3.

New York.—Willie Hoppe, former billiard champion, will enter the business end of the game with a string of billiard parlors.

Jersey City.—Louis J. Messano, Jersey City lawyer, was appointed chairman of the New Jersey state boxing commission, succeeding R. H. Doherty, resigned.

Chicago.—John K. M. Landis, back home after a tour of the southern training camps, sees a big year a new coat of tan and lots of pep as a result of rest and strength gained on the trip.

Knoxville, Tenn.—Red Faber showed the old time stuff and the White Sox downed the Giants, 6 to 2, allowing the champs eight hits.

Hutchinson, Kas.—The Cubs were due here today for a series of games with Hutchinson, Wichita and Kansas City on their way home.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Lurline council No. 296, Degree of Pocahontas, will hold the regular stated meeting Thursday evening in the Red Men's hall.

The W. R. C. Penny Social will meet Friday afternoon in the G. A. R. room of the court house. All the members are urged to be present.

The Pythian Sisters will meet in regular session tonight in the Knights of Pythias hall in West Second street. All the members are urged to be present.

The Yomo Club will hold an all day meeting Thursday with a pitch-in dinner at the noon hour, at the home of Mrs. Claude Smith, living west of the city.

There will be a congregational meeting of the First Presbyterian church held in the parlors of the

church Thursday evening at 7:30 o'clock. At this time reports will be given from the different organizations of the church.

* * *

Mr. and Mrs. John A. Titsworth entertained with a prettily appointed dinner party Tuesday evening at their home in North Perkins street. The guests were Mr. and Mrs. Jesse Pugh and Dr. and Mrs. Lowell M. Green.

* * *

A call meeting of the Tri Kappa sorority was held Tuesday evening at the home of Mrs. Will Norris in North Perkins street. The members discussed business of importance at this meeting. The hostess served light refreshments at the close of the meeting.

* * *

The Woman's Missionary Society of the Main Street Christian church

Bernice encampment No. 12, I. O. O. F., will confer the Golden Rule degree Friday evening with seven candidates. The annual egg supper will be served before the work begins at seven o'clock. The menu will consist of eggs in all styles, biscuits, coffee, radishes and green onions. A large attendance is anticipated.

* * *

Mr. and Mrs. Russell Carfield entertained at Five Hundred Monday evening at their country home northwest of the city. The guests were Mr. and Mrs. Lloyd Nelson, Mr. and Mrs. Clifford Gottman, Mr. and Mrs. Paul Newhouse, Mr. and Mrs. Elmer Darnell, the Misses Helen Caldwell and Mary Ruth Junken and Jerome Caron and Wilbur Gray.

* * *

The Progressive Boosters class of the First Baptist church enjoyed an unusually interesting meeting Tuesday evening at the home of Mr. and Mrs. Carl Dishinger in West Third street. Approximately forty guests were present for the meeting. During the business meeting a collection of \$31 was turned into the treasurer as a special offering. Games and contests were also enjoyed during the evening. The home was prettily decorated for the occasion in the color scheme of lavender and white. Dainty refreshments of brick ice cream, carrying out the color scheme, cake and coffee were served. The assisting hostesses were Mrs. Fred Arbuckle and Mrs. Henry Alsop.

* * *

Mrs. Lee Endres will entertain the Thursday Afternoon Bridge club at her home in N. Harrison St. tomorrow afternoon.

NEW IN SUITS

If clothes could speak the slip-over dress might truthfully boast: "I came, I saw, I conquered," for it made a complete triumph last summer. It was a long step in the direction of comfort for wear in warm weather.

And now enters its near-of-kin in suits, traveling in the same direction. This new arrival is a two-piece affair in which a sleeveless coat is worn with a skirt to match and a blouse, usually of crepe or other silk, made in one with the skirt. The dress is complete in itself and can be worn without the coat. But some women object to going coatless on the streets, and this suit fits their needs. The model pictured is of polret twill with beige-colored blouse of crepe de chine. Silk embroidery in navy and beige finishes the edges of the coat and adorns the narrow cuffs.

7½ POUND BABY BOY BORN

A baby boy weighing seven and one-half pounds was born Monday evening to the wife of Wm. Kelso at their home northwest of Henderson.

"Wild Honey" at the Princess

The thread of romance that carries the interest through the plot of "Wild Honey," the Universal-Jewel attraction at the Princess Theatre today and Thursday, is based on the independence of spirit of Lady Vivienne, the English lady of rank who is the heroine of Cynthia Stockley's novel, from which the picture was filmed. Priscilla Dean portrays the character.

How many women would brave the dangers of a trip through the barren spaces of the Transvaal, alone and unacquainted with the nature of the country and its people? Lady "Viv" does it for the sake of looking up the land which represents the only wealth she possesses, and which every one says isn't worth the paper on which the deed is printed.

An independent spirit in a woman is one thing men always admire—until they get better acquainted with it. But it can lead to happiness, for the woman who has an indomitable spirit is sometimes the more easily dominated by the "right man."

"The right man" in "Wild Honey" is impersonated by Robert Ellis. Noah and Wallace Beery enact the chief roles of "villainish" hue. Other players are Lloyd Whitlock, Raymond Blathwayt, Helen Stockdale, C. J. Frank and Landers Stevens.

The Progressive Boosters class of the First Baptist church enjoyed an unusually interesting meeting Tuesday evening at the home of Mr. and Mrs. Carl Dishinger in West Third street. Approximately forty guests were present for the meeting. During the business meeting a collection of \$31 was turned into the treasurer as a special offering. Games and contests were also enjoyed during the evening. The home was prettily decorated for the occasion in the color scheme of lavender and white. Dainty refreshments of brick ice cream, carrying out the color scheme, cake and coffee were served. The assisting hostesses were Mrs. Fred Arbuckle and Mrs. Henry Alsop.

* * *

Perhaps this accounts for his rapid success in filmland, for he was well equipped from life to take up almost any role when the call came to enter motion picture work. In fact, the rapidity of his development is a notable record in filmland.

"I am of the opinion" says the Fox star, "that an actor's business is to act, and I have very little patience with the type of player who just 'fills in,' or 'poses,' be he extra man or star."

ROAD BUILDING TO BEGIN SOON

Great Activity On Part of State Highway Commission Will Be Displayed Middle of Month

MANY CONTRACTS TO LET

National Road Will Be Repaired In Several Places And Many Miles Elsewhere Will Be Built

Indianapolis, Ind., April 5.—With about 40 miles of roads under contract for rigid type pavement, and approximately 50 miles advertised for contract letting on April 18, the forces of the state highway commission will launch a campaign of great activity in road building about the middle of April, it was announced today by Lawrence Lyons, department director.

C. Gray, chief engineer of the department, pointed out that the 40 odd miles representing four gaps in the National road put under contract several weeks ago at approximately \$1,000,000, will be built at about \$8,500. a mile cheaper than was possible last year. He stated that last year the commission concluded mileage contracted when prices for labor, materials and freight haulage were that time cost approximately \$36,500 a mile. The commission this year succeeded in reducing the cost to approximately \$27,500 a mile on contracts recently awarded for concrete pavement on the National road. According to Mr. Gray this figure represents a reduction of something like 15 per cent, under the engineer's estimates, or a saving of over \$18,000 on the four contracts, compared to engineer's figures. This saving alone will permit the commission to build approximately seven miles more road this year for the same amount of money as compared with last year, he says.

The construction department has started work at grading and building structures under 20-foot span on the Meridian, from Brazil to Terre Haute Bridgeport to Stylesville, and from Greenfield to Dublin.

According to Mr. Lyons pavement laying will start about April 15 to 20. The first project on the National road to be completed will be the Brazil to Terre Haute job. All projects on this road to be completed will be finished and the sections opened to traffic not later than December 1.

For the first time in its history the commission with the forces of the construction department, will this year build seven miles of Federal aid road. This project is between Huntingburg and Dale, and the pavement will consist of seven inch water-bound macadam bade over which will be laid a four inch gravel surface. The preliminary work on this gap already well under way, having been graded by forces of the maintenance department. The stretch joins the three-fourths of a mile section of similar pavement laid last year.

Perpetual Light

Bergen, N. J., April 5.—Perpetual light next to perpetual motion, the dream of scientists of ages, is at hand.

Cities of the future may be lightened by powerful globes requiring no motive power.

Lights, once lit will go on forever eradicating darkness turning night into day at the will of humanity.

Tremendous natural forces now required to motivate electricity for lighting purposes and to supply illuminating gas can be turned to other uses.

These are but a few of the dreams for the next half century or even the next decade created by a reported remarkable discovery of a young Italian inventor here, who has developed already a light which once charged, will burn for three years without further contact.
